Dear Ms. Parenteau,

I recently came across the opening of a High School Counselor for Fairfield High School. I am sure that I have got the right amount of education, counseling and experience compassion for making this role a success.

My experience may not be lengthy but it has been qualitative and comprehensive. After I graduated with a double major in Counseling and Psychology from Florida College in 2006; I started my hands on training with one of the toughest intercity high schools in Florida area.

During that time, for three years, I had to learn effective and quick ways for giving the best counseling that a student would need, who come from various difficult and different backgrounds. I have successfully helped more than 300 students each year, and helped them communicate with teachers, find the right curriculum for them, and got them inspired to enter college. My excellent dedication towards students is something that I would like to bring to Fairfield High School.

As this is simply a brief overview of my skills and aspects of counseling that I have conducted and learned, I would like to fix a time to meet and discuss the job opportunity in detail. You can easily contact me at 802-522-2342 or e-mail me at s.charles@example.com. Thank you for considering my application and resume.

Sincerely,
Charles Shepard
